Company Overview

MG & B CLEANING, LLC – Our mission is to deliver exceptional cleaning services that promote a safe, healthy, and productive environment for employees and visitors alike. We use only the highest quality, EPA-approved, eco-friendly cleaners and disinfectants, ensuring effective and responsible cleaning solutions. By partnering with us, clients benefit from a cleaner workspace, improved air quality, and reduced employee absences due to illness—ultimately saving both time and resources. Our company is built on a foundation of integrity, pride, and honor. We take great pride in the quality of our work and consider it an honor to serve in partnership with the government, upholding the highest standards in every project.

Differentiators

• **Advanced Germ Control Technology**

Utilizing our cutting-edge germ vaporizer system, we eliminate 99.97% of airborne pollutants, reducing germs, dust, and allergens for a healthier environment.

• **Comprehensive Waste Management**

Offering integrated cleaning services and waste collection, we ensure seamless removal and environmentally conscious disposal of all waste materials.

• **Specialized Indoor Air Quality Solutions**

Beyond cleaning, our innovative approach enhances air quality, making spaces safer and more comfortable for occupants.

• **Eco-Friendly Cleaning Practices**

We prioritize sustainable solutions by using environmentally safe equipment and techniques, aligning with industry standards.

• **Tailored Janitorial Services**

Providing customized commercial cleaning solutions, to meet diverse client needs, from routine maintenance to specialized sanitation.

• **Enhanced Productivity Through Clean Spaces**

Our services improve workplace wellness and efficiency by creating cleaner, allergen-free environments.

EIN #: 88-3657313

CAGE CODE: 08A08

UEI: JGSPC44E2FF8

Core Competencies

• **Advanced Air Purification**

Expertise in deploying germ vaporizer systems that remove 99.97% of airborne pollutants, ensuring healthier indoor environments.

• **Comprehensive Janitorial Services**

Delivering high-quality, customized cleaning solutions for commercial and industrial facilities.

• **Waste Management and Disposal**

Proficient in handling, collection, and environmentally safe disposal of non-hazardous waste materials.

• **Eco-Friendly Cleaning Solutions**

Commitment to sustainable practices through the use of green cleaning products and techniques.

• **Specialized Deep Cleaning Services**

Providing enhanced sanitation for high-traffic and high-risk areas to meet stringent health and safety standards.

• **Indoor Air Quality Enhancement**

Integration of cleaning services with air purification technology to reduce allergens, germs, and dust.

• **Rapid Response Cleaning**

Timely and efficient cleaning services, including emergency and disaster relief cleaning needs.

• **Customizable Cleaning Programs**

Flexible service plans tailored to the unique requirements of each client's facility and operations.

• **Quality Assurance Systems**

Employing robust quality control measures to ensure consistent service excellence and client satisfaction.

• **Regulatory Compliance and Safety**

Adhering to all industry and government standards for cleaning, waste management, and environmental safety.
